

FA-400TZN ELECTRIC FLAT SCREEN PRINTER

All-Servo. Energy-Saving.
Precise. Fast. Sustainable.

The FA-400TZN is a full-electric flat screen printer driven entirely by high-performance servo motors. It delivers stable, precise and high-speed printing while using less energy and helping your business achieve a greener future.

SAVE ENERGY

Full-electric design reduces energy consumption up to 60%.

HIGH PRECISION

All-servo control ensures accurate and repeatable printing.

MAX SPEED

Left & right printing stroke reaches up to 999mm / 1 sec.

ALL-SERVO ADVANTAGES

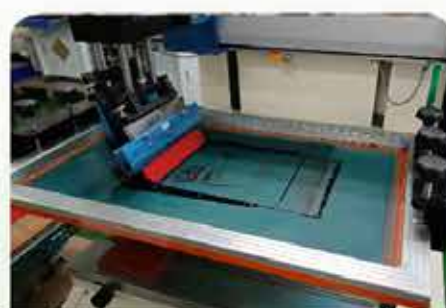

- ✓ Fully electric – no air compressor required
- ✓ Quieter operation and lower maintenance
- ✓ Smooth motion control for perfect registration
- ✓ Environmentally friendly and cost effective
